GAINS IN PRICES OF STOCKS. New York, Nov. 2,-Substantial recovery from the recent reaction extending over a period of nearly three weeks took place in today's stock market, prices throughout the list being bid up in spirited fashion with the active isin spirited fashion with the active is-sues showing gains of 1 to 6 points.

The downward course of prices had been in the nature of a correction of an over-bought condition resulting from speculative excesses incidental to the declaration of stock dividends and ru-mors of the same. Indications that the reaction had been overdone, just as the previous advance high been, were seen in the manner in which stocks rebound-ed today, buying embracing a broad

ed today, buying embracing a broad list and being particularly active in industrial shares which had borne the brunt of the short selling.

Short covering furnished the impetus for the early advance but as the main body of stocks swung upward there were indications of new buying by in-vestment interests, founded on the cony improving busiess situation was reflected in record car load increased automobile production in October over the previous month, better retail business as mirrored in the earnings statements of chain stores and further talk of extra dividend disbursements. Good absorption took place throughout the list despite a rather heavy volume of realizing sales and extensive lightfull on health of a bark. tensive liquidation on behalf of a bank-rupt brokerage house.

It is difficult to pick out any one

group as being the most buoyant, bu ed in the oil, equipment, public utili:

ed in the oil, equipment, public utility and rall shares.

Buying in the equipment group was stimulated by announcement of additional new and heavy orders for rails, care and locomotives, Baldwin and American Locomotives, American Car, Fullman, General Electric and Railway Steel Spring being pushed up 3 to nearly six points. Declaration of an 18 percent stock dividend by American Steel Foundries found reflection in a 3 point net gain in that stock.

remarks going renegtion in a 3 point net gain in that stock.

Public Service of New Jersey led the advance in public utilities, gaining 5 1-1 points buying of this stock accompanying reports of an increase from \$6 to \$8 in the dividend rate. Other strong spots in this group were Consolidated Crucible Steel pr Gas, Brooklyn Edison, Pacific Gas, Co-lumbla Gas, Western Union and Adams Dome Mines and American Express, all up to 25 Erie

Efforts to bring about a bearish re-action in the wheat market met with practically no success until the rise of value shad carried May delivery to a new top record for the season, 111 3-> At this stage profit-taking on the part of holders as well as speculative bear dealings more than counter-balanced the early gains. The fact that despite car shortage the total of primary re-ceipts today was much in excess of the aggregate a year ago counted to some extent as a handicap to bulls, and so likewise did further useful rains in the

winter crop belt.
Gossip that Great Britain has yet to provide for half its November require-ments of wheat and that other Euro-pean countries have been getting less than enough to supply current needs at-tracted considerable notice, especially in view of a 10 per cent, cut in ocean freight rates. The prevailing opinion later, however, appeared to be that ad-vances here had sufficiently discounted bullish feators for the mouvent. vances here had sufficiently discounted bullish factors for the moment.

Assertions that country elevator stocks of old corn had become nearly exhausted had bullish effect on corn and dats. Provisions were firmer with hog values and owing to a liberal decrease shown in the amount of lard on crease shown in the amount of lard or
